SCREENING REPORT NARRATIVE**Extent of Alleged Abuse:**

Caller is reporting a concern that Malia Tasi is being "beat" by her brother, Efren Tasi. The caller witnessed Efren "attack" his sister by punching and kicking her. The mother did not intervene immediately, and Malia was hit in the eye causing a large welt. Caller says that Efren "snapped" after his sister took something that belonged to him.

Circumstances of Alleged Abuse:

Caller is concerned that sometimes Malia is left home alone with Efren between when school gets out and when mother gets off work. Caller reports that Efren says he hates his sister and shows no remorse for hurting her. Caller reports that mother states she is "at her wits end" and often does not do anything when Efren is aggressive. Mother looks "shell shocked" at times, including during this current incident. The caller says they had to alert mother to intervene before she

broke up the incident. Caller reports that Efren is much larger than his mother or his sister and is worried these incidents will continue and will get worse.

According to the caller, Efren has a diagnosis of Oppositional Defiant Disorder and Attention Deficit Hyperactivity Disorder and has a history of mental health treatment for aggressive and unsafe behavior. In the past Efren has acted out at school telling other students that he will "kill them" and was suspended. In the last year Efren had attempted to start a fire in the backyard because he was upset this was put out by his mother immediately and the fire department was called.

The reporter states that Tammy is a "hands off" parent and seems overwhelmed by her children at times. Tammy does not speak positively about Efren. The reporter says children were sent to their rooms after this incident

Tammy Tasi works part time at the hospital in food services. Tammy Tasi is currently in a romantic relationship however caller did not know much about this relationship. Caller reports that Tammy presents as stressed and anxious. The caller is aware of a past domestic violence relationship between Tammy and another partner but states that relationship ended. Tammy told the reporter that there was a criminal case and Child Welfare investigation following an incident where Tammy was assaulted by her ex-partner.

The father of the children is not in the home. He resides in Idaho and has visitation during the summer.
