**SCREENING REPORT NARRATIVE****Extent of Alleged Abuse:**

Reporter is stating Karina Baskin came to school today with a black eye and a large cut on her lip. Karina will not talk about how the injury occurred.

Reporter is also concerned because two teachers have come to her with concerns about marks on Karina's arms. The reporter described the marks on Karina's arms as being cuts of a superficial nature. When Karina is asked about the marks, she will pull her shirt sleeves down to cover the marks, and will not acknowledge the injuries. When asked about the marks, Karina changes the subject, walks away, or lashes out in anger.

**Circumstances of Alleged Abuse:**

The reporter said over the last year they have noticed a significant change in Karina's behavior. She used to be a pretty happy-go-lucky young lady who got along well with teachers and peers. However, for the past year, Karina has gone from being sullen and withdrawn, wearing baggy sweatshirts with her hood drawn up over her head. Karina now often

presents as angry and defensive and will often lash out at others for no apparent reason. She went from being popular to having virtually no friends at school. The reporter said there are also rumors going around that Karina was arrested for shoplifting and she has been excluded from Marshalls as a result.

The reporter stated Karina's mother, Larisa Baskin, is employed but doesn't know where. Karina's father has never been identified to the school, but Karina does have a step-father. The reporter states that the child is appropriately dressed when she comes to school and does not have attendance issues.
